LETTER FROM THE PRESIDENT

Dear Members of the NMCC Community:

Northern Maine Community College is firmly committed to providing a safe, secure, and supportive environment for all who study, work, and visit our campus. The 2025 Annual Security & Fire Safety Report, prepared in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, represents both a regulatory requirement and an institutional pledge to transparency, accountability, and continuous improvement.

This report provides detailed information on crime statistics, fire safety records, campus security policies, emergency response procedures, and prevention initiatives. It also reflects the collaborative efforts of our Campus Safety Office, Student and Academic Affairs, Title IX/Equity staff, local law enforcement, and other partners dedicated to maintaining the highest standards of safety and compliance.

This year's report incorporates new federal requirements, including the mandated disclosure of hazing incidents and the publication of semiannual hazing transparency reports as outlined in the Stop Campus Hazing Act. Northern Maine Community College has updated its policies, training programs, and reporting systems to meet these requirements and to ensure that our prevention and response efforts are clear, accessible, and aligned with national best practices.

While compliance is essential, our focus must extend beyond reporting. To that end, we will continue to:

1. **Conduct annual audits of all security and safety policies** to ensure accuracy and alignment between published procedures and operational practice.
2. **Strengthen training for all Campus Security Authorities and staff**, ensuring reporting responsibilities are clearly understood and consistently carried out.
3. **Enhance communication and transparency** by creating opportunities for dialogue with students and employees, including safety forums and training sessions.
4. **Use data to drive prevention strategies**, investing in infrastructure, education, and preparedness measures that directly respond to identified trends.

Safety is a shared responsibility. I encourage every member of the NMCC community to review this report carefully and to engage with us in upholding our collective responsibility for campus security. Together, we can ensure that NMCC remains not only a place of learning and growth but also a place of trust, safety, and resilience.

Sincerely,

Doug Binsfeld
President, Northern Maine Community College

CLERY ACT

Annual Safety and Security Report

The Northern Maine Community College (NMCC) Annual Safety and Security Report is published in compliance with the Jeanne Clery Campus Safety Act ("Clery Act"), the Higher Education Opportunity Act of 2008, and the Violence Against Women Act (VAWA). This annual report is mandated by federal law. The annual crime statistics were compiled by the Vice President, Dean of Academic & Student Affairs, Campus Safety & Security Coordinator and the Director of Residential Life. Information was provided by the Presque Isle Police Department and Presque Isle Fire Department, Student Services and the Human Resources Office, and relevant local and state police agencies. The College's yearly crime statistics are compiled on a calendar-year basis in accordance with the definitions of crimes provided by the Federal Bureau of Investigation (FBI) for use in a National Incident-Reporting System (NIBRS). The report includes statistics for the previous three years concerning crimes that occurred on campus and were reported to local law enforcement agencies and to "campus security authorities" or designated campus officials.

Additionally, these statistics include people referred for campus disciplinary action for categories include This report includes statistics for the previous three years concerning reported crimes that occurred on campus and on public property within, or immediately adjacent to and accessible from the campus. The statistics include crimes reported directly to local police agencies and to "campus security authorities." "Campus security authorities" are defined by the Clery Act as college officials who have "significant responsibility for student and campus activities, including, but not limited to, student services, residence life, and the campus safety and security team. The report also includes institutional procedures concerning campus safety and security, alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters. These processes are reviewed annually to assess their effectiveness and compliance with applicable statutes.

A crime log is available for public review by contacting Peter Goheen, Campus Safety & Security Coordinator at 207-760-1108.

The full report is available on the NMCC website at all times. (www.nmcc/clery)

OVERVIEW

Northern Maine Community College is a public college located in the city of Presque Isle, Maine and is one of seven campuses that comprise the Maine Community College System (MCCS). There are approximately 700 students currently enrolled at the college, which employs approximately 100 faculty and staff.

NMCC is committed to the safety and security on campus, and the policies and procedures outlined in this report are provided as part of that commitment and are in compliance with the Clery Act of 1998.

NMCC strives to provide a safe and secure environment for its students and employees. Numerous programs occur throughout the year which help attendees become more aware of crime and more importantly, how to help prevent it.

Annually, programs such as Acquaintance/Date Rape, Operating Under the Influence (OUI) and Alcohol & Drug Education Programs occur on campus. Also, programs regarding self-defense, women's issues, harassment, preventing theft in campus housing and others occur on campus. All members of the campus community are encouraged to attend; look for notices in college email, the "Announcements" and "Activities Calendar" sections of the student portal, and on-campus bulletin boards.

Adding significantly to the campus' overall sense of security are the college's own security officers, available to students 24 hours a day, seven days a week. Security personnel work closely and cooperatively with the Presque Isle Police and Fire Departments. The campus security staff also maintains radio contact with the local and State Police.

Even though NMCC strives to maintain a safe and secure environment, students and employees must know how to act and who to call in an emergency situation. Students in campus residences are instructed to contact the Presque Isle Police Department or any residential life employee who will, in turn, notify the

appropriate emergency officials in accordance with campus and department policy. The Residential Life Office is located on the first floor of Andrews Hall; the telephone number is (207) 768-2797. All other emergencies and reports of crime are to be made directly to the Presque Isle Police Department who will, in turn, notify the appropriate College official. Remember – any emergency situation should be reported directly to the Presque Isle Police Department who will in turn, contact NMCC personnel.

Emergency telephone numbers include:

Presque Isle Police Department: 911 or (207) 764-4476

Presque Isle Fire Department/Ambulance Service: 911 or (207) 768-7411

Anyone with questions regarding campus security and the crime awareness report are urged to contact the Dean of Students Office. Specific campus policies regarding conduct are found in NMCC's student handbook, catalog, Faculty & Staff Handbook, housing contract, MCCS Policy and Procedure Manual, alcohol and drug flyer, sexual harassment brochure, college website, and the student portal.

The Campus Safety Committee meets on a bimonthly basis to discuss agenda items related to safety and security on the NMCC campus.

TIMELY WARNINGS/CAMPUS CRIME ALERTS

Timely warning are a vital aspect of keeping a community safe during a safety concern or criminal threat. The College provides such warnings and alerts. The need for Campus Crime Alerts are determined by an analysis of the nature of the crime, continuing danger to the campus community, and any possible risk that may compromise ongoing law enforcement efforts. Crime Alerts will be promptly and properly disseminated to the college community and other entities deemed relevant, through the College's RAVE emergency notification system, the Alertus notification system, college website (www.nmcc.edu), electronic mail, posters and flyers, and/or any other means that are available and appropriate.

CRIME PREVENTION AND SAFETY PROGRAMS

Crime prevention at NMCC is based on minimizing or eliminating criminal opportunities and encouraging students and employees to be responsible for their own safety/security and the safety/security of others. The College conducts crime prevention programs beginning at New Student Orientation and upon request to educate the NMCC community on measures the community can take to reduce the chances of becoming a victim of crime.

New Student Orientation and General Awareness Training

New resident students are given awareness training during fall orientation and throughout the fall semester on crime prevention and reporting, and rape and assault awareness. The college's crime prevention efforts are based on the dual concepts of eliminating or minimizing criminal opportunities whenever and wherever possible, and encouraging students to be responsible for their own security and the security of others. The residential life staff is given security training during the week prior to school opening and is given refresher training during monthly staff meetings. Security is always a topic of concern among the staff because of the remoteness of the campus and the general complacency that can occur when serious incidents do not often happen. All members of the residence life staff are certified in first aid and CPR. Residential life also maintains an emergency telephone on-call system and can provide immediate backup for any emergency call to outside emergency response authorities. The college is committed to maintaining a safe and secure campus environment so that education and personal development can continue to be our students' primary concern. Nevertheless, freedom from worry never means freedom from responsibility and awareness of the potential for crime.

Alcohol Awareness Program

Northern Maine Community College along with the other colleges of the Maine Community College System view alcohol and substance abuse as a serious problem. In compliance with the Drug Free Schools and Communities and the Drug Free Work Place Act, the college publishes and distributes annually a booklet which informs all students and employees of NMCC's substance abuse policy, sanctions for violation of the policy, and State and Federal alcohol and drug laws, offenses and sanctions. The booklet, 'Alcohol and Drugs, what every student and employee of the Maine Community College System should know about the use of alcohol and illegal drugs,' is available online or by contacting the Vice President, Dean of Academics & Student Affairs office, (207) 760-1128 or the Director of Residential Life office, (207) 768-2795.

Behavior Intervention Team (BIT)

The BIT is composed of administrators, counseling staff, housing staff, and campus security personnel who collaborate to assess and plan interventions (when needed) for students of concern. The BIT uses NABITA (National Association for Behavioral Intervention and Threat Assessment) assessment and intervention tools to perform this function.

Law Enforcement Authority and Interagency Relationships

Campus Security and the Director of Residential Life maintain working relationships with the Presque Isle Police Department, the Aroostook County Sheriff's Department and the Maine State Police. College security personnel patrol the campus on foot and in a vehicle during day and evening hours. Their patrol routes are varied, and the hours are random. They are in regular communication with each other and with appropriate authorities when needed. They are authorized to stop any individual on campus to determine whether they can be of service to the person. They also operate as backup to the residential life staff.

Access to Campus Facilities

Most campus buildings and facilities are accessible to the campus community, guests and visitors during normal business hours. Exterior doors on campus buildings are locked and secured at all times. Buildings are also open on weekends and holidays on an as-needed basis.

NMCC is committed to maintaining a safe environment for students, faculty, and staff that extends to maintenance issues such as campus landscaping, lighting, and door locks. Key staff members, facilities maintenance staff, and our evening security officers routinely check the campus for maintenance, safety, and security issues. All members of the campus community are encouraged to report any issues such as exterior lighting deficiencies to security.

Access to Campus Residence Hall

Exterior residence hall doors are locked at all times. Only students who live in residence halls have keycard access to them. Students must use an Access ID Card for access. Students are forbidden to remove exterior screens from their windows. First floor students are cautioned to keep their windows locked at all times.

Visitors to the residence halls must be escorted by their resident host at all times, including while in the resident's room. Residents are responsible for the behavior of their visitors while they are on campus and can be held responsible for any violations committed by them of the Student Code of Conduct (Student Handbook). Any problems with the residence hall access control system should be reported to the respective resident assistant/resident director.

Maintenance and Security of Campus Facilities

NMCC maintains a strong commitment to maintaining a safe level of exterior lighting. Campus security officers routinely survey existing lights and recommend maintenance of existing light and additional illumination as required. Members of the campus community are encouraged to report any exterior lighting deficiencies to the campus Maintenance Department (207-768-2712) or if in the campus residence areas to the Director of Residential Life (207-768-2795). Exterior doors on campus buildings are locked and secured each evening and security

personnel check all buildings, including residence halls, throughout the night. The on-duty security officer will also survey and report any possible security problems with doors. This is given a high priority, and if the problem represents hazard a maintenance person will be called in immediately to make the necessary repairs or adjustments.

Student Responsibility/Reporting Suspicious Activity

Students must assume responsibility for their own personal safety and the security of their personal belongings by taking simple, common-sense precautions. For example, resident hall room doors should be locked at all times, especially when the room is unoccupied. Valuable items such as stereos, cameras, computers, laptops, gaming systems and televisions should be labeled with student names. Bicycles should be registered with the local police and should be secured with a sturdy lock. Students with cars must have a valid NMCC Parking Permit displayed in their front windows, park them in their assigned area and are encouraged to keep their vehicles locked at all times. Valuables should be locked in the trunk.

Students and employees are encouraged to report suspicious activity/behavior to security staff, a student ambassador (Residential Assistant), Housing staff, or the Vice President, Dean of Academic & Student Affairs.

Examples include:

- Attempting to enter a resident hall or student's room
- Entering an office or lab without apparent purpose
- Loitering in a parking lot, or near residence halls or offices; in possession of two bicycles or bicycle parts
- Trying to forcibly enter a car, window, or door
- Attempting to solicit funds
- Acting in a loud, disruptive, or threatening manner

OFF-CAMPUS CRIME

The Presque Isle Police Department has primary jurisdiction for law enforcement services at off-campus locations. Off-campus student violations of the law or the Student Code of Conduct may be addressed by the Student Code of Conduct. Campus Safety works collaboratively with local law enforcement and frequently exchanges information when appropriate.

FIREARMS

In accordance with the policy of the Maine Community College System, no person (except law enforcement acting in their official capacity) may possess a firearm on the NMCC campus. This includes residence halls, and motor vehicles parked on college property.

VOLUNTARY AND CONFIDENTIAL CRIME REPORTING

If any NMCC student or employee is a victim of a crime and does not want to pursue action through the criminal justice system, they may still make a confidential report. Any staff member in Student Services, Housing and Residence Life (including resident directors or resident assistants), or campus safety and security officers can file a report on the details of the incident without revealing the student or employees' identity or the identity of others. In addition, the professional counselor on campus may inform students they are counseling that confidential crime reporting is available. The purpose of a confidential report is to allow the College to take steps to ensure the future safety of our students. However, the College may not be able to fully investigate or resolve a confidential report. Reports of crimes filed in this manner are counted and disclosed with the College's annual crime statistics report if their accuracy can be confirmed.

CAMPUS SAFETY & SECURITY AUTHORITY

College officials have the authority to ask persons for identification and to determine whether individuals have lawful business at NMCC. Campus safety and security officers also have the authority to enforce college parking regulations and issue parking tickets which are billed to the financial accounts of students.

No NMCC personnel are authorized to arrest individuals. Criminal incidents are referred to the Presque Isle Police Department which has jurisdiction at NMCC, and to the Dean of Students for possible disciplinary action. NMCC maintains a highly professional working relationship between the campus security team and the police department. All crime victims and witnesses are strongly encouraged to immediately report any crime to the PIPD.

Prompt reporting will allow for Campus Crime Alerts for the campus community and the accurate disclosure of Clery Act crime statistics. When an NMCC student is involved in an off-campus offense, campus officials may assist with the investigation in cooperation with the local police department.

The PIPD routinely works and communicates with the NMCC Security Supervisor on incidents occurring on-campus, in the immediate neighborhood and business areas surrounding our campus

EMERGENCY PREPAREDNESS AND RESPONSE PLANNING

Emergency Preparedness and Response Planning

Emergency situations on the NMCC campus are responded to by the Presque Isle Police Department and/or the Presque Isle Fire Department. Depending upon the situation, other emergency services may be provided such as county, state, and federal emergency response services. Emergency procedures and notification methods are reviewed frequently. Questions pertaining to emergency procedures or disabilities should be referred to the Vice President, Dean of Academic & Student Affairs.

Emergency Response Team

NMCC's Emergency Response Team is comprised of key campus administrators. Team members train annually using tabletop exercises. When an emergency on campus takes place, members of the Emergency Response Team are notified either by text message or direct communication by faculty or staff and arrive on the scene of an emergency to ensure appropriate support is provided and appropriate emergency personnel are en-route.

Emergency Alert System

In case of an emergency that requires quick communication to the entire College community, NMCC uses the RAVE Alert and Alertus notification systems. This software allows NMCC to communicate via phone call, text message, and email to the entire College community in minutes to inform of a campus emergency.

Community Communications

In the event of an emergency that requires community notification the NMCC Public Affairs office will post on our Facebook, NMCC.edu website and WAGM to ensure the community is notified.

Surveillance Cameras

Campus surveillance is a top priority for the NMCC Security and Information Technology (IT) Departments. In recent years NMCC has increased indoor digital video cameras to an already extensive network of video cameras deployed at the College.

EVACUATION PROCEDURE

The decision to immediately evacuate buildings or the entire campus will be made by the President (or her designee) in coordination with the college leadership team and following the Emergency Action Plan. However, in the case of a fire, building evacuation will begin immediately upon sounding of the alarm without waiting for the order from campus staff. NMCC has various systems in place for communicating information quickly that may include audible and visual alarms in each building, the RAVE Alert System, telephones, e-mail, the NMCC website, and/or verbal directives that will be used for notification to evacuate. Evacuation of the college will generally fall into two categories:

- Limited evacuation of a building or designated area.
- General evacuation of the entire campus.

In general, all community members should plan ahead for possible evacuations and know evacuation routes from your office or classroom and the campus.

Evacuation procedures will be tested annually to include announced and unannounced tests. Each test will be documented to record a description of the test, the date, time, and whether it was announced or unannounced. The evacuation procedure is available at all times in the NMCC student portal (mynmcc.edu) and is shared directly with students and staff each semester.

Buildings

- If the fire alarm is activated, leave the building immediately; do not assume it is a false alarm
- Assist people with disabilities and special needs in exiting the building
- Do not return for personal items, except for identification if safe to do so
- Do not go into the restrooms
- Do not use the elevators
- Direct visitors or anyone needing assistance to stairwells and exit
- When you are outside, check in with your supervisor, department personnel or instructor so everyone can be accounted for
- If faculty, assure that all students in attendance in class that day have evacuated
- If a department head, make sure that all staff present that day are accounted for and visiting students have been evacuated

Campus Evacuation

- All persons (students and staff) are to vacate immediately that area of the campus in question and relocate to another part of the campus grounds or off campus as directed
- Students and staff will be informed by the Emergency Notification System, email, campus administrator, security staff, or other forms of communication as described in the college Emergency Action Plan.

Evacuation of Persons with Special Needs

All persons at NMCC, including those with special needs, must prepare for emergencies ahead of time. NMCC recommends that all persons with disabilities or other special needs notify residence hall and campus safety staff of any

concerns regarding emergencies and evacuation prior to any emergency. This should include what steps can be taken to assist the individual in an evacuation.

If you are unable to evacuate due to a disability:

- Go to the nearest area where there are no hazards
- Contact campus staff for assistance by telephone or use other means to advise them of the situation
- Be sure to give them the building and room number so they can send help to you
- If possible, signal out a window to on-site emergency responders

Community Members may wish to assist others during an emergency by utilizing the following tips:

To assist visually impaired persons:

- Announce the type of emergency
- Offer your arm for guidance
- Tell the person where you are going, obstacles you encounter
- When you reach safety, ask if further help is needed

To alert people with hearing limitations:

- Turn lights on/off to gain the person's attention, or
- Indicate directions with gestures, or
- Write a note with evacuation directions

To evacuate people using crutches, canes, or walkers:

- Assist and accompany to the evacuation site if possible, or
- Use a sturdy chair (or one with wheels) to move the person,
- Or Help carry the individual

To evacuate people using wheelchairs:

- Non-ambulatory persons' needs and preferences vary. Individuals at ground floor locations may exit without help
- Others have minimal ability to move—lifting may be dangerous
- Some non-ambulatory persons have respiratory complications
- Remove them from smoke and vapors immediately

- Wheelchair users with electrical respirators get priority assistance
- Most wheelchairs are too heavy to take downstairs
- If needed, contact the security office or dial 911.
- Give building and room number
- Consult with the person to determine the best carry options only as a last resort, otherwise wheelchair users should shelter in place and await professional assistance
- Reunite the person with the chair as soon as it is safe to do so

Shelter-in-Place Procedure

In certain emergency situations such as weather emergencies or campus lock-downs, community members may be instructed to shelter in place indoors to await further instructions. If the building where you are located is damaged or at the scene of an emergency situation, you may be instructed to move quickly to another campus building to shelter in place until you are informed that the threat has been resolved. If police or fire department personnel are on the scene, please follow their instructions.

DRUGS AND ALCOHOL

The use, possession, sale, or distribution of alcoholic beverages or illegal drugs is prohibited on college property or at college-related events, as is being under the influence or knowingly in the presence of drugs or alcohol while on college property or at college-related events under the Student Code of Conduct.

Individuals who violate this policy and/or federal or state law, including laws and policies pertaining to underage drinking, risk institutional sanctions, including dismissal from the College and/ or legal action.

NMCC prohibits the possession or use of illegal drugs or alcohol on the campus, property owned or controlled by NMCC, or as part of any activity of NMCC. Legal possession or consumption of alcohol on campus may be granted by obtaining prior written approval from the college president. Students, staff, faculty, or visitors are prohibited from attending their work and/or learning environments under the influence of alcohol or illegal drugs. Doing so would not only negatively affect the individual's learning, performance, and safety, but also that of the people around them and the college community as a whole. Individuals

who violate this policy and/or federal or state law risk institutional sanctions, including dismissal from the College and/or legal action. For more information about drug and alcohol policies on campus, please consult the Maine Community College System Alcohol & Drugs Policy (804).

Alcohol and substance abuse negatively impair health and life quality. Local, state, and federal laws prohibit the underage, unlawful possession, use, sale or distribution of alcohol and drugs. In support of all local, state, and federal laws, NMCC's Student Code of Conduct and employment policies enforce alcohol and drug laws. Please contact Student Services for support in finding local and State substance/alcohol abuse programs and counseling. Students (who have alcohol or other substance abuse issues) are also strongly encouraged to contact their medical provider or, if in crisis, the Maine Statewide Crisis Hotline at (888) 568- 1112. Students may also request that Student Services staff make this contact for them.

SUBSTANCE ABUSE POLICY

MCCS policy recognizes that substance abuse is a complex problem that is not easily resolved solely by personal effort and may require professional assistance and treatment. Accordingly, each campus and the System Office have designated an individual to assist employees and students who seek referral for a substance abuse problem.

Students, faculty and staff members with substance abuse problems are encouraged to take advantage of available diagnostic, referral, counseling and prevention services. However, employees and students availing themselves of these services will not be granted special privileges and exemptions from standard personnel practices applicable to job performance requirements and from standard academic and student conduct requirements.

The MCCS will not excuse acts of misconduct committed by employees and students whose judgment is impaired due to substance abuse.

VIOLENCE AGAINST WOMEN ACT (VAWA) RESPONSE TO DOMESTIC VIOLENCE, DATING, VIOLENCE, SEXUAL ASSAULT, AND STALKING

Sex discrimination and sexual misconduct in the form of sexual harassment, domestic violence, dating violence, stalking, sexual violence (rape, sexual assault, and sexual abuse), and gender/sex-based harassment or discrimination, are not allowed on our campus and are prohibited by NMCC/ MCCS policy as those terms are defined for purpose of the Clery Act and in accordance with Title IX of the Higher Education Reauthorization Act and the Violence Against Women Act (VAWA).

This section of the report is a summary of campus programs designed to prevent and remedy incidents of domestic violence, dating violence, sexual assault and stalking. This section also includes a summary of procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault or stalking, when it is reported to a college official. The complete policy and procedures can be found within Policy 202 and 202.2 of the Maine Community College System.

NMCC provides educational programs and campaigns intended to prevent or end dating violence, domestic violence, sexual assault and stalking. Training for all new students consists of prevention/risk reduction training during New Student Orientation and a follow-up training course during the first semester and includes definitions of terms, prevention strategies, and victim resources both on and off campus. Active bystander training is addressed in training campaigns throughout the year, education videos found in the student portal, and bystander posterage throughout campus.

Procedure for Sexual Assault

Any behavior that constitutes a sexual assault under this policy will subject the offender to disciplinary action, up to and including dismissal, whether or not

criminal charges are filed. In addition, sexual assault, rape and other sexual offences are illegal under Maine criminal statutes and may be separately prosecuted in a court of law. *Sexual assault* occurs when a person performs or compels another person to perform any sexual act or to have any form of sexual contact without consent. *Rape* is a specific kind of sexual assault that involves any vaginal, oral, anal, or urethral penetration with any body part or object without consent. *Consent* requires mutually understandable and communicated words and/or actions demonstrating agreement to participate in the proposed sexual act. Failure to object does not constitute consent. Consent does not exist where it is not expressly given. Consent cannot be given by a person with a mental impairment (ex. from alcohol or drug use), or when the victim is physically helpless (ex. when asleep or incapacitated).

Consent can also not be given where there are threats or intimidation. Attempted sexual assault or rape occurs when a person intends to commit the offense and engages in conduct that could lead to it.

Upon receiving a report of a VAWA offense from a complainant, whether on or off campus, the institution will provide, in writing, an explanation of the individual's rights and options. Care and consideration of the victim's wishes will be considered throughout the intervention process. Individuals who feel that they are victims of any sexual offense are urged to file a complaint with the Presque Isle Police Department and the College Title IX Coordinator. If a complaint is filed with the College, the College will follow the procedures described in Policy 202 and 202.2 to investigate and resolve the complaint. This investigation will be conducted by officials with appropriate VAWA offense training. The College is also responsible for providing trained advisors for complainants (alleged victims) and respondents (alleged perpetrators) in Title IX cases. If the offense does not meet the federal definition of a Title IX violation, the college will follow procedures for investigating and resolving complaints which violate college and MCCS policies. NMCC's standards of conduct and the student disciplinary process are outlined in the Student Code of Conduct and are prompt, fair, and impartial. The college's procedures for disciplinary action in cases that involve sexual offenses comply with the Higher Education Amendment (HEA) of 1992 and the Violence Against

Women Act of 1994 and Maine State Law LD1727. In those cases, required by the HEA and VAWA, the accuser and the accused are entitled to the same opportunities throughout the investigative and disciplinary process, including to have others present during the investigative interview and/or during an Appeal Committee hearing and attendant proceedings.

Although there is no limit on choice regarding who these advisors may be, the institution may establish restriction for advisor participation in proceedings. For further information about the disciplinary system, contact the NMCC Vice President, Dean of Academic & Student Affairs.

Any victim of rape or sexual assault should immediately seek medical assistance. Any victim of rape or sexual assault should contact either NMCC campus Security, the Dean of Student Affairs/Title IX Coordinator (abuck@mainecc.edu, 207-760-1128), or the Presque Isle Police Department, which will immediately respond to assist the victim in getting medical attention, then investigate the crime. At all times, the victim's rights will be protected, and the victim will have input into the course of the NMCC investigation. Counseling services, victim advocacy, legal, visa and immigration, and financial aid assistance will be provided if appropriate and if the victim is receptive to such services. Students will be offered a referral to a Confidential Resource Advisor (CRA).

Confidentiality Statement

The College uses best efforts to protect the confidentiality of the identity and allegations involved in a report, including keeping all records confidential to the extent permissible by law. Information regarding sexual misconduct or assault reports, and any investigation or review of those reports, including sanctioning determinations, will be shared among College officials with a legitimate educational interest or with external individuals or entities only on a need-to-know basis and only as permitted by College policy and applicable law. The College will be required to disclose the Complainant's name, statements and allegations to the Respondent. The College may choose to comment publicly, in writing or otherwise, to the extent permitted by law, regarding the decision reached if, in the judgment of the College, the best interests of the community would be served by such a disclosure. If possible and appropriate, the anonymity of the student(s) involved will be protected.

The College strongly recommends that victims of sexual assault:

- Seek immediate medical assistance. A victim may have internal or external injuries and may need treatment for disease or infection
- Report such acts to the Security Office, Vice President, Dean of Academics & Student Affairs/Title IX Coordinator, Director of Residential Life or Resident Assistants (for resident students) Filing a report with the police provides the opportunity for the collection of evidence helpful in prosecution that cannot be obtained later

- Ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam and sexual crimes investigation kit administered by trained hospital personnel
- Take steps to preserve digital evidence by keeping text messages, photo evidence or other forms of digital media
- At the victim's request, college administrators will assist in the notification of local law enforcement. The College's disciplinary system may proceed against any alleged violator of NMCC policy, whether or not state or federal criminal proceedings exist or are pending
- Seek counseling and/or emotional assistance and support. The Student Services office can assist with this, including referral to the Confidential Resource Advisor (CRA). Speaking with a trained counselor can be critical to the emotional or mental well-being of the victim following a trauma

Notification of Options for Changing Living Areas or Academic Situations

The College will consider requests for changes in academic accommodations and work with victims to reach a reasonable solution. The College will consider requests for changes in on- campus living accommodations on a space-available basis. Further training and engagement are provided to residential students during the first week of the fall and spring semesters.

Possible Disciplinary Sanctions for Rape and Sexual Assault

Any person found to have committed the offence of rape or sexual assault by the Northern Maine Community College Disciplinary Committee and/or the Maine Criminal Justice System will be subject to severe disciplinary sanctions which may include immediate suspension or dismissal.

Protective Orders

Students have the right to request from a court that a temporary or permanent restraining order, or other protection or no-contact order be issued against an alleged offender. Only the police, and not College security, have the authority to enforce such an order by arresting a person who violates the order. The student should promptly inform the Vice President, Dean of Academics & Student Services if such an order is obtained so that the College may be better prepared to more promptly contact the

police if necessary

The Federal Stop Campus Hazing Act addresses reports of hazing by a student organization.

The Act defines hazing as: any intentional, knowing, or reckless act committed by a

person (whether individually or in concert with other persons) against another person or persons, regardless of the willingness of such other person or persons to participate, that –

- is committed in the course of an initiation into, an affiliation with, or the maintenance of membership in, a student organization; and
- causes or creates a risk, above the reasonable risk encountered in the course of participation in the institution of higher education or the organization (such as the physical preparation necessary for participation in an athletic team), of physical or psychological injury.

The Act defines a student organization as: an organization at an institution of higher education (such as a club, society, association, varsity or junior varsity athletic team, club sports team, fraternity, sorority, band, or student government) in which two or more of the members are students enrolled at the institution of higher education, whether or not the organization is established or recognized by the institution.

investigated by representatives from the Department of Student Services. Northern Maine

Community College will publish a Campus Hazing Transparency Report documenting occurrences and will be updated every six months for the campus community. The College follows the Student Code of Conduct (Policy 501) and all applicable local, state, and federal laws for the reporting, investigating, and adjudication of hazing incidents.

MISSING PERSON PROCEDURE

The purpose of this procedure is to establish protocols for NMCC's response to reports of missing students, as required by the Higher Education Opportunity Act of 2008. This procedure applies to students who reside in NMCC campus residence halls. For purposes of this procedure, a student may be considered to be a "missing person" if the person's absence is contrary to their usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances may include, but not be limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the student's welfare.

Procedures for designation of emergency contact information

1. **Adult Students (18+) and emancipated minors**

Students are given the opportunity during their housing registration process to designate an individual or individuals to be contacted by the College no more than 24 hours after the time that the student is determined to be missing in accordance with the procedures set forth below. A designation will remain in effect until changed or revoked by the student.

2. **Minor Students (under 18 years old and adults with legal guardians).**

In the event a student who is not emancipated is determined to be missing pursuant to the procedures set forth above, the College is required to notify a custodial parent or guardian no more than 24 hours after the student is determined to be missing in accordance with the procedures set forth below. During their housing registration process, parents or legal guardians may also identify individuals the school should contact

(significant others, family in the area, etc.).

Official notification procedures for missing persons

1. Any individual on campus who has information that a residential student may be a missing person must notify the Director of Residential Life as soon as possible.
2. The Director of Residential Life, or their designee, will gather all essential information about the residential student from the reporting person and from the student's acquaintances (description, clothes last worn, where student might be, who student might be with, vehicle description, information about the physical and mental well-being of the student, an up-to-date photograph, class schedule, etc.). Appropriate campus staff will be notified to aid in the search for the student.
3. If the above actions are unsuccessful in locating the student or it is apparent immediately that the student is a missing person (e.g., witnessed abduction), the College will contact the Presque Isle Police Department to report the student as a missing person and PIPD will take charge of the investigation.

No later than 24 hours after determining that a residential student is missing, the Director of Residential Life will notify the emergency contact (for students 18 and over) or the parent/guardian (for students under the age of 18) that the student is believed to be missing.

Campus communications about missing students

In cases involving missing persons, law enforcement personnel are best situated to provide information to the media that is designed to elicit public assistance in the search for a missing person. Therefore, all communications regarding missing students will be handled by outside law enforcement authorities, who may consult with the Dean of Students. All inquiries to the College regarding missing students, or information provided to any individual at the College about a missing student, shall be referred to Dean of Students and/or their designee, who shall refer such inquiries and information to law enforcement authorities. Prior to providing the

NMCC community with any information about a missing student, the Vice President, Dean of Academics & Student Affairs and/or their designee shall consult with the PIPD to ensure that communications do not hinder the investigation.

FIRE SAFETY

In the Event of a Fire

1. Sound the alarm from the nearest fire alarm box, remove yourself to safety
2. Immediately call 911 (9-911 from campus phones) give your name, the location of the fire by building name, number, and address or the nearest building if not a structure fire, and the nature of the fire.

All members of the NMCC community are to report any known residence hall fire incidents to the Director of Residential Life or a resident assistant, or the Presque Isle Fire Department.

Supervised Fire Drills

At move-in, residents are informed of points of egress and evacuation staging areas. Supervised unannounced fire drills are conducted for each residence hall in the fall and spring semesters in cooperation with the Presque Isle Fire Department. Additionally, each time new residents occupy a building during the summer, the NMCC staff person coordinating the group's stay ensures that the temporary residents are familiar with evacuation routes and procedures.

Fire Safety Education

All resident directors (RDs) and resident assistants (RAs) receive fire safety and emergency action plan training and are responsible for covering these policies and procedures with residents during the opening community meetings. All residence hall rooms are equipped with evacuation maps which indicate the safest and most direct exit routes from the room in case of an emergency.

Fire Safety Violations and Prohibitions (including rules on portable electrical appliances, smoking and open flames)

The Student Code of Conduct prohibits “creation of a fire hazard or other dangerous condition” and forbids “unauthorized use or possession of weapons, explosive components or chemicals, including fireworks, firearms, explosives, gas or compressed air.” The fire code prohibits certain activities and devices from residence halls. For community safety, residents are expected to comply with all item restrictions found in the NMCC Student Handbook and Housing Agreement.

Fire Log

The NMCC Campus most recent 60-day fire log can be request by contacting the Vice President, Dean of Academic & Student Services office at 207-760-1128
