Services/Resources...

Counseling

Counseling staff assist students in personal and academic endeavors. NMCC was able to expand its counseling staff as the result of a federal Student Support Services grant. The TRiO program provides assistance to first-generation college students, students with disabilities, and students with low incomes. They also provide services through the Perkins Grant and Student Navigator Position.

Computer Resources

Computers are located in the library, academic success center and throughout the campus for student use. Additionally, wireless network access is available in all academic, dining and residence facilities. The portal allows the campus community 24-hour access to vital college information, including class schedules, financial aid, degree audits, grades and more. All members of the campus community are provided a campus e-mail account, which is used as the primary means of communication.

Flexible Class Locations/Times

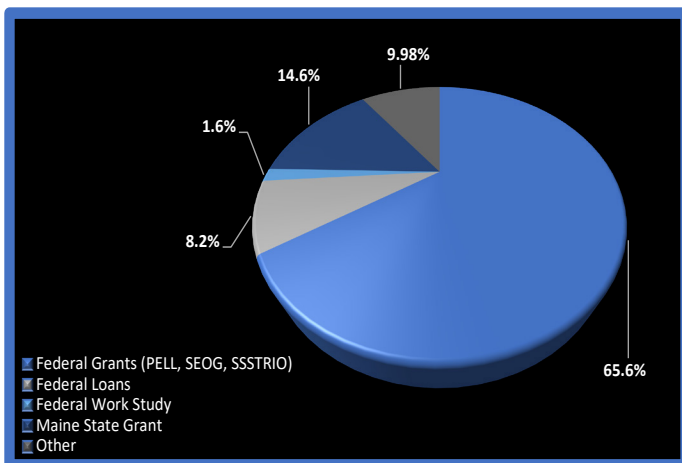

In addition to the college's main campus in Presque Isle, NMCC offers courses at the off-campus locations in Houlton, as well as online. Some credit and non-credit courses are also offered in the evening, on weekends, during the summer and online.

Continuing Education

Continuing education programs, courses and seminars are offered to train, retrain or upgrade occupational or academic skills, whether for employment, to improve on-the-job performance or to enhance opportunities for advancement. These programs are offered on campus or at the business or industry site. Some programming is offered online. Customized training is available upon request. To learn more, contact the College's Continuing Education Division at 768-2768.

Financial Aid

- ~ Approximately 95% of matriculated NMCC students receive some form of financial aid.
- ~ 87% of full-time students receive financial aid.
- ~ About 92% of students who apply for financial aid receive it.

Campus Living...

Residence Halls

Diverse housing options are available:

Andrews Hall: residence hall with single rooms

Snow Hall: suite-style housing

The Quads: 4-person units

All rooms have wireless computer access. In addition to the convenience of being within walking distance to classes and college resources, these students are more likely to take part in many social and recreational activities during the year.

Intramural Sports

Students interested in sports can participate in intramural soccer, basketball, golf, volleyball and esports on campus.

Worth Noting...

Accreditation

NMCC is accredited by the New England Commission on Institutions of Higher Education. Several departments or programs on campus are also accredited through organizations specific to their field:

- The business technology department is nationally accredited by the Association of Collegiate Business Schools and Programs for the business administration and accounting programs.
- The automotive collision repair, automotive technology, and diesel hydraulics technology programs have each achieved Master Level Certification by the National Institute for Automotive Excellence (ASE).
- The computer numerical control (CNC) program is accredited by the National Institute for Metalworking Skills (NIMS), the organization which establishes national industry skill standards in metalworking.
- The associate degree nursing program is approved by the Maine State Board of Nursing, and nationally accredited by the Accreditation Commission for Education in Nursing.
- The emergency medical services program is nationally accredited by the Commission on Accreditation of Allied Health Education Programs upon recommendation of the Committee on Accreditations of EMS Professions. Maine EMS has designated NMCC as an EMS Training Center.
- The medical assisting program is nationally accredited by the Commission on Accreditation of Allied Health Education Programs upon the recommendation of Medical Assisting Education Review Board.
