

# NURSING

## CAREER OPPORTUNITIES

Graduates will find employment opportunities as an integral team member in a variety of healthcare settings.

For graduates interested in continuing their education by pursuing a bachelor of science in nursing degree, NMCC has transfer agreements in place with four-year institutions. By completing the first two years at NMCC, students are able to graduate with less debt and are prepared to take advantage of online programs.

**HIGH DEMAND FIELD!**

**Questions?**

**Contact:**  
**[admissions@nmcc.edu](mailto:admissions@nmcc.edu)**

## APPLICATION PROCEDURE

The following procedures constitute the admissions process:

1. Submit an NMCC application.
2. Submit official high school transcript and/or HiSET/GED scores (current senior's transcript should include completed ranking period grades).
3. Official college transcripts for applicants who have attended other post-secondary schools.
4. If SAT scores are not available, placement testing may be required.
5. Meet with an Admissions Counselor.
6. A campus tour is highly recommended.

*Note: Criminal history record search will be completed by NMCC personnel. Prior criminal convictions may preclude program admission or licensure.*

## PROGRAM PURPOSE

NMCC's nursing program is designed to prepare students to become registered nurses. Students develop the necessary knowledge and skills to provide nursing care in various capacities throughout a patient's lifetime. Guided learning opportunities in local hospitals, the campus lab, and state-of-the-art simulation center provides students with valuable hands-on experiences that complement the classroom curriculum.

***Candidates who are graduates from approved nursing programs are provided an opportunity for advanced standing. Students with successful prior college courses may receive priority, providing all other minimum standards are met. Students may be given only one opportunity to reenter the program after having failed to complete it previously.***
